YOUR PATHWAY TO PROFESSIONAL PEST MANAGEMENT LICENSING

About Us

MPL Training Centre is a leading provider of nationally recognised pest management training in Australia. We deliver comprehensive courses including **General Pest Management**, **Timber Pest Management**, and the **CPP30119 Certificate III in Urban Pest Management** — designed to meet industry standards and licensing requirements.

Our training options are flexible and include face-to-face theory, hands-on practical experience and assessment, self-paced correspondence, and blended learning pathways to suit all learners — whether new to the industry or experienced technicians.

All training is delivered by qualified trainers and assessors in accordance with the Standards for Registered Training Organisations (RTOs), ensuring expert guidance and high-quality outcomes.

With training centres in Sydney, Melbourne and Brisbane, plus the option for group training nationwide, MPL Training Centre is accessible to students across Australia.

why us...

Industry-Recognised & Nationally Accredited

Our courses meet Australian licensing and regulatory standards, giving you the qualifications employers trust.

Flexible Learning Options

Choose from face-to-face, practical workshops, online/correspondence, or blended learning to suit your lifestyle and work commitments.

Hands-On Practical Training

We focus on real-world skills — not just theory — so you're job-ready and confident from day one.

Training Centres Across Australia

With centres in Sydney, Melbourne, and Brisbane — plus group training available nationwide — we make quality training accessible.

FAQ

Licensing Pathways

General Pest Management (3 units)

On completion, you can apply for a Pest Management Technician Licence in the relevant state or territory. A separate licence is required for each state/ territory you work in.**

Timber Pest Management (2 units)

Allows you to add Timber Pests to your existing Pest Management Technician Licence.**

CPP30119 Certificate III in Urban Pest Management (10 units)

Includes all units from both General Pest and Timber, plus 5 additional non-licensing units. Candidates must be employed in the industry. Those who already completed the pest and termite units can upgrade by completing the remaining 5 units.**

Install Termite Management Systems (1 unit)

Qualifies you to install termite management systems during pre-construction.**

****Licensing requirements differ between states and territory — please check with your local licensing authority.**

Student Journey

Student
Handbook

Refer to Student
Handbook for
Terms & Conditions

STEP 1. EXPRESSION OF INTEREST

Contact MPL Training Centre via phone or our website to receive detailed information about our courses, including:

- General Pest Management
- Timber Pest Management
- CPP30119 Certificate III in Urban Pest Management

STEP 2. ENROLMENT

Complete your enrolment form online or via email to secure your place.

STEP 3. THEORY TRAINING

Begin your learning through one of the following options:

- 5-day face-to-face class (QLD, NSW or VIC)
- Correspondence / Online self-paced learning

STEP 4 WORK EXPERIENCE

Complete your practical experience either:

- At an MPL Practical Experience Workshop (QLD, NSW or VIC)
- On-the-job in the workplace under a licensed supervisor

STEP 5. PRACTICAL ASSESSMENT

Book your assessment with MPL via:

- Face-to-face Practical Observation Assessment (QLD, NSW or VIC)
- or
- On-the-job video evidence submission (licensed supervisor required)

STEP 6. SUBMISSION & OUTCOME

Submit all required evidence for assessment. MPL will review and provide your outcome.

Your Wellbeing Matters

At MPL Training Centre, we know that success in training goes beyond the classroom. That's why we take a holistic approach — supporting you not just academically, but in your overall wellbeing.

We offer a supportive and safe learning environment with access to:

- Wellbeing check-ins and guidance
- Peer and trainer support throughout your training
- Referral pathways to trusted organisations, including **Lifeline** and **Black Dog Institute**
- Friendly, inclusive learning environments — both face-to-face and online

No matter how you choose to study, MPL is committed to ensuring you feel supported, confident, and connected at every stage of your training journey.

Elevate Your Career with MPL Training

MPL Training is a leading provider of Nationally Recognised courses and full qualifications in Urban Pest Management.

Whether you're entering the industry, starting a Traineeship or Apprenticeship, or upgrading your Statement of Attainment to a full qualification, our flexible course options are designed to fit your needs.

Why Choose MPL Training?

Outstanding Reputation: Trusted by industry professionals for delivering high-quality training.

Flexible Learning Options: Courses tailored to suit students and employers alike.

Multiple Training Pathways:

- **Face-to-Face Workshops:** Theory, practical, and assessments at our dedicated training facilities in Sydney, Brisbane, and Melbourne.
- **Blended Learning & Correspondence:** Combine workplace training with online and correspondence study.
- **Flexible Assessments:** Options designed to ensure you gain the knowledge and skills needed for competency.

Licensing Information

Pest control licensing is managed by each state or territory licensing authority. MPL Training does not issue licenses, and course fees do not include licensing fees.

Requirements vary between states/ territory. To learn more, please visit your relevant states/ territory licensing authority's website.

If you are performing pest management work and are not fully licensed, you may need a training permit to work under supervision while completing an approved course.

Important: Trainees must always work under the supervision of a licensed pest management technician and be enrolled in courses containing the same units as our General Pest Technician course.

Frequently Asked Questions

Where are the MPL Training Centre workshops held?

MPL workshops are conducted in Sydney, Brisbane, and Melbourne for face-to-face theory, practical experience, and assessment sessions. If you are unable to travel, practical requirements can be completed under the supervision of a licensed Pest Management Technician in your local area.

What support is available during my course?

MPL provides direct email and phone contact with trainers/assessors, 1-on-1 support (additional cost), and access to resources including workbooks, textbooks, and guidance for practical tasks. Correspondence students also receive ongoing feedback via email on assessments and submissions.

Can I study online or via correspondence?

Yes! MPL offers flexible delivery options including face-to-face, correspondence, workplace, and blended learning pathways to suit your schedule and location.

How do I enrol?

Enrol today!

Simply use the link on your chosen course page, call our friendly team on 02 4322 0331, or email us at info@mpltraining.com.au

What should I bring to my training, and is food provided?

Students are encouraged to bring:

- A notebook, pen, and photo ID for registration
- Closed-in shoes and comfortable clothing suitable for practical activities
- Any required PPE (Personal Protective Equipment), if applicable to your course

MPL Training Centres provide tea, coffee, and light refreshments during training days.

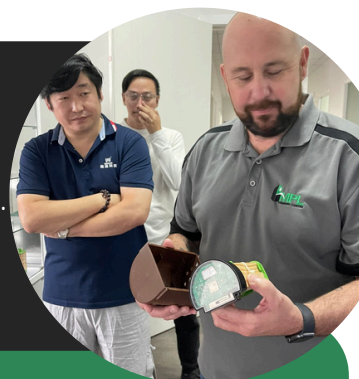

Students are welcome to bring their own lunch, or can access a range of nearby cafés and food outlets at each of our training locations.

How long do courses take to complete?

- **General Pest Management:** Up to 12 months
- **Timber Pest Management:** Up to 12 months
- **CPP30119 Certificate III in Urban Pest Management:** Up to 18 months
- **Install Termite Management Systems:** 12 months from workbook issue

Recognition of Prior Learning (RPL)

Have relevant experience? You may be eligible for RPL. Contact our friendly team to discuss before enrolment.

COMPANY & GROUP BOOKINGS

MPL Training Centre offers tailored training solutions for businesses and groups. Whether you're upskilling your team or organising training for multiple staff members, we can customise delivery options to suit your company's needs.

Training can be delivered on-site, in our training centres, or through a blended learning model.

Contact our friendly team to discuss your group booking requirements and receive a personalised training package.

STUDENT REVIEW:

"Thank you very much to all the staff at MPL. Both the trainers and admin team were fantastic throughout my Timber Pest Management course. The trainers were incredibly helpful, patient, and supportive — always taking the time to explain things clearly and in a way that made sense both in the classroom and on the job.

I really appreciated the compassion shown for my personal circumstances and the effort taken to make sure I understood the material, even if it meant going over it more than once. The training was practical, well delivered, and easily transferable to real workplace situations.

I would highly recommend MPL to anyone looking to gain this additional qualification and further their career as a Pest Management Technician." – Benjamin V
